

## PROJECTION SCREEN

For the Epson 595Wi interactive projector

**This high quality, writable projection screen is a great tool for interactive teaching and training. The matt, anti-glare enamel surface enables crystal-clear projection and thanks to its touch operation offers optimal user-friendliness. Project your lesson or training from a smartphone or tablet to the screen and add your notes with your finger! Suitable for daily and intensive use.**

It is also possible to personalise your projection screen! We can print a full-colour print of your logo, photograph or text on the projection screen. Combine this with a suitable mounting solution and you will be ready to teach or train in a professional manner.

# WRITABLE PROJECTION SCREEN FOR THE EPSON 595WI INTERACTIVE PROJECTOR

**FOCUS  
BOARD**

The perfect combination for interactive teaching, training and presenting.

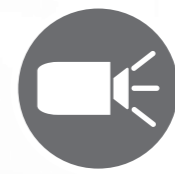

Optimised for  
interactive projection

Minimal  
reflection

Suitable for  
intensive use

Crystal clear and  
straight projection

Dry-erasable and  
scratch-resistant

Magnetic

## PROJECTION SCREEN 83 INCH

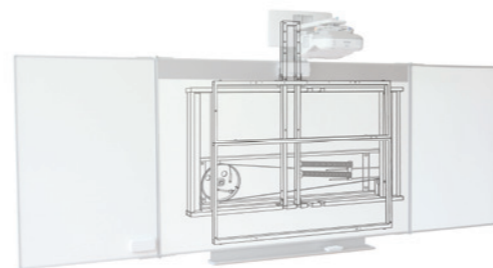

The projection screen is available as a 83 inch (210 cm) single panel board with a large, matt-white projection surface. Do you require more writing space? Then choose the five panel board (depicted). This board is fitted with folding wings; writable on both sides and dry-erasable.

## PROJECTION SCREEN 100 INCH

Do you require a larger projection surface? Then choose this fully matt-white, single panel board with a surface of 100 inches (255 cm). This board is suitable for wall mounting and is both writable as well as dry-erasable.

## MOUNTING: SPRING MECHANISM

Thanks to its spring mechanism, the projection screen can be adjusted in height up to 60 cm and therefore is suitable for younger students. Smooth, silent and maintenance-free.

## MOUNTING: COLUMN SYSTEM

Thanks to its column mounting system, the projection screen can be adjusted in height up to 158 cm and therefore is suitable for even the youngest students. Smooth, silent and maintenance-free.

## ACCESSORIES

Round off the projection screen with individual accessories or a starter kit. Markers, magnets, pointers, writing pens, whiteboard erasers or cleaning spray – we can deliver all of these items.

## EPSON PROJECTOR 595WI
